## THE PRESIDENTS' ANNUAL REPORT

TURN YOUR BACK ON '71 — IT'S DONE!

LOOK AHEAD: WE'VE THINGS TO DO — IN '72.

Sorry, Sergeant-Major, but I HAVE to look over my shoulder for a minute. How can I make an Annual Report without looking back?

It seems to me—or did, at first—that '71 was a year of change. It was in my personal life, because of my job in the Association, but more importantly in Association affairs themselves. We had to face the hard fact of rising costs, and, consequently, a change in the membership fee. No change — no Groundsheet! No, also, to some other things that keep the Association alive.

Then the Government shook us with a change in the Draw regulations. We agonized over that one too, but we played it by the rules. How we made out—thanks to our super Draw Committee and the loyal members—you should read in the Draw report.

The Scholarship Committee did a change-up and proposed to the Executive that we offer two scholarships, each of \$250, instead of the \$500 award that we have made annually since 1964. The Executive agreed to put the proposal—with their endorsement—to the Annual Meeting, for it should accomplish the purpose of helping a greater number of deserving students and would also make available one award to students whose vocational plans do not require the usual University-academic program.

Some change in The Museum too. John Rosso became boss of Bennett's biggest B.C. bottle bazaar and also assumed important union responsibilities. So, he handed the chairmanship of the Museum Committee to Bert Hoskin, who, with the old Gun Room in the Armoury already transformed, enlarged the committee, drew up a Constitution and By-Laws, and launched a Founding Members' drive the results of which encourage us to think we can build the

best military museum in B.C. One of the projects, if and when complete, will be unique in Canadian military museums. I wish you could read the wonderful letters that came in response to the appeal. I'm doubtful if we can ever reply to them, but they certainly gave us a lift.

'71 was a big change for me personally. From the President's chair I got a new and appreciative look at the work of the Executive and its committees. Believe me, you have dedicated and able people doing the Association's work. The only time I have seen them less than cheerful was when they feared there was some old Westies out there who no longer gave a damn about their Association and their old comrades. Then signs of the old vitality would appear—old faces reappearing at the Smoker—letters would be read by Ron Hurley at Executive meetings—and a dozen more suddenly pay their dues. That cheered them presto! and increasingly, newer members appear from the serving Regiment, for whose interest we thank them. You'll see them in strength at the Melfa Dinner.

Speaking personally again, '71 found me struggling into more boiled shirts, and out of them, than Houdini could have coped with. All on your behalf! I dined with the Officers and with the Sergeants at their annual dinners, attended the Annual Inspection of Cadets and the Conferring on the Regiment of the Freedom of the City of Matsqui, witnessed the Change of Command Parade, AND (by Heaven, and LCol. Deane's thoughtful arrangement) lunched with Her Majesty The Queen!

But '71 is done. Maybe every year is a year of change, so I won't look over my shoulder any longer than to list—with the Editor's permission, and with

deep gratitude to a great bunch of colleagues—the Executive and Committeemen who served you.

One special request first: do these three things—

Mr. Ron Hurley,  
Editor, The Groundsheet,  
2229 Bonneville Road,  
Vancouver 16, B.C.

Dear Ron:

I managed to find time to read your "wrap up '71" in December Groundsheet this A.M.—about a month late and quite in keeping with my military record of being last man on parade. Your comments re dues are most informative—I believe mine are up to date (except this year) but in the event they may not be I enclose my cheque in the sum of \$10.00 and promise to send the same amount every year so that you can know that at least one person appreciates the Groundsheet and the Association in general and your efforts in particular.

A lawyer practicing in a rural area finds his position most akin to that of his friend, neighbor and fellow professional, the country doctor—being on call 24 hours every day. This often leaves this country lawyer with little time to devote to those matters and those persons he holds in highest regard, in this instance the Association and my comrades. However, let me assure you that while you all see or hear from me seldom you all are close to me in my thoughts.

My best wishes to you and our Association for the New Year and ever after. Please—you keep up your great work with the Groundsheet.

Yours truly,  
A. A. (Roy) Trimble

P.S. I enjoyed the quotation from Sen. John Nichol. Add me to the ranks of the bigot bigots.

THE GROUND SHEET  
New Westminster, B.C.

Dear Comrade,

Now that the financial quasi-irrepressible pressure of the Christmas and New Year sprees are easing out, I answer your call for help to the Association. 'Twas one of my New Year resolutions and there it is. \$10.00.

In good health, besides the old arthritis, I'll be 71 next March on the 20th, and still able to walk as in the old war days' clip; as for running I limit myself to occasional 200 - 300 feet sprints. Specially when I want to catch up with an oncoming Transit bus; with the result that the drivers seeing me coming and presenting my senior citizen low fare transit card, are sometimes looking me over somewhat suspiciously!

Expecting "remote control way" my 37th grand child for May.

Very truly,  
A Guetre

Mr. Ron Hurley,  
2229 Bonnyvale Road,  
Vancouver 16, B.C.

Dear Ron:

I know it must be very discouraging in editing the *Groundsheet* when you get so little help in the way of contributions from the membership. I am afraid I suffer from the same complaint with our Legion magazine. Many times I would appreciate a letter even if it is a "brickbat".

Your contributions to the "life and breath" of the Association have been tremendous and I for one would not like to see you become so discouraged as to give up the editorship of the magazine. Keep up the good work.

Reading the last issue I was reminded that I would be interested in acquiring a Life Membership in the Association but I would want to continue my membership dues at the present rate of \$5.00. I am enclosing a Xerox copy of my birth certificate to verify my age.

Before we know it May will be upon us and another anniversary of the Melfa. See you then if not before.

Fraternally

## HOW ABOUT IT

Come on now Fella's pay your dues  
So All of us can get the news

Of friends and buddies from before  
When we did our bit to win the war

Just a bottle of Vino or Cogniac  
Will keep our Association in the black

So think of it, Fella's while we're still alive  
And dig in your sock and pull out a five

Then send it to Ron and listen to him prattle  
How we all pulled together and won another battle.

## Down at Mory's TABLES TURNED

UNITED PRESS INTERNATIONAL

HARTFORD, Conn. — The tables down at Mory's, the storied men-only haunt for generations of Yale students, may never be the same again.

The liquor licence for the tavern, popularized in the Yale Glee Club's famed Wiffenpoof Song of 1909, was revoked by the state liquor control commission for discriminating against women. The vote was 2 - 1.

The Wiffenpoofs, however, will not be "doomed from here to eternity," and will still be able to assemble with glasses raised on high.

Morey's Association Inc., which has upheld the men-only tradition for 110 years, has 10 days in which to either file an appeal or surrender its licence.

If an appeal is filed and the case runs its appellate course, as expected, the revocation will be stayed.

The revocation was based on a state law that bars any state agency, in this case, the commission, from becoming a party to any agreement sanctioning "discriminatory practices."

The action against Mory's is the result of a complaint filed by Yale faculty members, students, alumni, and five women.

Morey's first opened its doors in 1861 and the name is short for Moriarity, the first manager. The Louie mentioned in the Wiffenpoof Song was Louis Linder, another manager, who in keeping with policy, barred women from the hallowed portals for years.

## THE SCHOLARSHIP NOTICE OF MOTION

Concern over the continuing limited small numbers of applications for the Association Scholarship has led the Scholarship Committee to forward the following motions:

1. "That Eligibility for the Association Scholarship be expanded to include serving members of The Royal Westminster Regiment, subject of course to satisfactory terms of reference established jointly by the Association and The Commanding Officer of The Regiment . . .
2. Concerned that, today many outstanding achievements and/or worthy contributions displayed by many young people, and of a type so adhered to by this Association, are going unrecognized, it is moved that —

"Consideration be given to further dividing the funds available to the Scholarship Committee to allow for the presentation of 'Achievements Awards', 'Outstanding Community Contribution Awards' and to include other unspecified Endeavor Awards that may be deemed worthy by the Committee and that these awards be given to young people under the age of 19, who so qualify. These Awards to be operative, initially in the Province of British Columbia and to be considered for further expansion subject to proper reporting and authentication . . . .

Both of the above motions were moved by Bert Hoskin and seconded by Les Deane and this submission in the *Groundsheet* will serve as the required "Notice of Motion" as laid down in the by-laws. It will be appreciated, of course, that should any or all of these proposals be adopted they could not be initiated until the calendar year 1973 as the disbursements for 1972 have already been allocated.
